Full Terms And Conditions

These terms and conditions apply from 1 July 2012 until 30 June 2015.

Eligibility

- 1) These terms and conditions are in respect of the Living Victoria Water Rebate Program for Small Business.
- 2) A maximum rebate of \$2000 may be claimed per eligible business through one or multiple claims in respect of these terms and conditions.
- 3) An eligible small business customer is an owner or tenant whose property is charged a non-residential (commercial) water charge, is a business customer connected to a reticulated water supply of one of the water suppliers listed on this form, and who has purchased and installed eligible water saving products or services referred to in Clause 12 at or for the serviced property between 1 July 2012 and 30 June 2015, inclusive.
- 4) A small business for the purpose of these rebates is defined as a business, with a current ABN number that has fifty (50) or fewer full time equivalent employees.
- 5) All rebate applications for products to receive a rebate under these terms and conditions (purchased between 1 July 2012 and 30 June 2015, inclusive) must be received by your water supplier no later than 30 September 2015. Rebates for eligible products purchased between 1 July 2011 and 30 June 2012, under this Program, must be claimed by 30 September 2013 for businesses with 20 or less employees.
- 6) Eligible customers, in accordance with clause 3, can claim a maximum of \$2000 as a rebate of the Living Victoria Water Rebate Program for Small Business for each eligible business that they own or operate during the period of this Program. Multiple water meters servicing one site will be recognised as one eligible property.
- 7) To claim a rebate, complete the relevant Living Victoria Water Rebate Program Small Business Claim form and mail it to your water supplier (contact details are on the front of the claim form) along with the original invoice(s) and receipt(s) showing proof of payment for your purchase(s) and any other specified information set out in these Terms and Conditions.
- 8) To qualify for the rebate the following documents must be attached to each claim form:
 - Invoice (including clear description of product)
 - Receipt showing proof of payment
 - Plumbing Industry Commission Certificates of compliance (PIC) (if required)
 - Proof of tenancy – for tenants who do not have a water or trade waste account with a water supplier servicing the propertyAll Products must be purchased and installed between 1 July 2012 and 30 June 2015.
- 9) The product or service costs plus installation costs will be used to calculate the rebate value to be claimed by your business.

Amount of Rebate Claim

- 10) The Living Victoria Water Rebate Program for Small Business rebates will be based on the expenditure on eligible water efficiency products or services and their installation. The rebate amount will be 50 per cent of the total expenditure up to a maximum rebate of \$2000 per eligible property.
- 11) The eligible products and services are set out in Schedule 1 of these Terms and Conditions. Certain eligible products and services must be for the replacement or upgrade to a more efficient product or service. These are noted in the schedule.
- 12) A rebate claim may consist of one or more of the eligible products or services set out in Schedule 1 of these terms and conditions.
- 13) All receipts must include a clear description of the product or service purchased.

Rainwater Tanks

- 14) An eligible rainwater tank must be connected to the toilet and/or laundry or used for a purpose in the business requiring year round water use. Connections to the proposed water use must be put in place at the time the rainwater tank is installed.
- 15) All rainwater tanks must be designed, manufactured and certified to the relevant Australian Standards to be eligible for a rebate.

General

- 16) Delivery and installation charges can be included as part of the total purchase price.
- 17) Where required by the Plumbing Regulations 2008, products must be installed by a licensed plumber who must provide a copy of the Plumbing Industry Commission (PIC) certificate of compliance where the combined cost of the product and associated plumbing materials and labour is \$750 or greater. This includes rainwater tanks, dual flush toilets, permanent greywater systems, hot water recirculators, waterless wok stoves and other products as required by regulation.
- 18) Rebates may be paid by Electronic Funds Transfer (EFT) or credited to the small business's water account. The customer must provide the relevant details on the claim form. These payments may take around 10-12 weeks to process.
- 19) A customer may request the rebate to be credited on the customer's first account following the end of the first billing period after the rebate application has been approved. If the rebate granted is greater than the customer's water account (for the account when the credit first appears) then the credit balance will be applied to all subsequent accounts until the rebate credit is liquidated.
- 20) Rebate recipients consent to and recognise that their water supplier, the Victorian Government or an appointed representative may contact them to conduct research or audits about the conservation products purchased.
- 21) Applicants must repay any Rebates paid if any of these terms and conditions are found to have been breached.
- 22) The Victorian Government reserves the right, at its sole discretion and at any time, to change any or all of the Terms and Conditions for the Living Victoria Water Rebate Program or to cancel the Program.
- 23) The applicant(s) acknowledges and agrees that as far as the law permits, the Victorian Government and your water supplier accepts no liability in respect of any claim, cause of action or loss or damage arising out of or in relation to, any rainwater tank system, the consumption of any water from such rainwater or other tank systems or other conservation products subject to this rebate program. The applicant(s) agree that they will indemnify and keep indemnified the Victorian Government and their water supplier from any claim or liability arising out of or in relation to any rainwater tank system the consumption of any water from such rainwater or other tank systems or other conservation products subject to this rebate program and application to the extent that any claim or liability is not caused by the Victorian Government's or your water supplier's negligence or a breach by them of this Application or any other term implied by law.
- 24) In accordance with Privacy legislation we advise you the information collected here will be used by the listed water suppliers to process applications for rebates on purchase of water conservation products. The information may be used by the water suppliers to provide you with information about services and products and disclosed to the Department of Sustainability and Environment or the Minister for Water on matters relating to the rebate offer. This information may be disclosed to the relevant government agencies for these purposes or if required by law. You may gain access to the information the water supplier has about you by contacting the water supplier directly.
- 25) This publication may be of assistance to you but the State of Victoria and its employees do not guarantee that the publication is without flaw of any kind or is wholly appropriate for your particular purposes and therefore disclaims all liability for any error, loss or other consequence which may arise from you relying on any information in this publication.

Schedule 1 – Eligible Products and Services*

* Note: This schedule may be updated from time to time.

For the latest Schedule please check the website at: www.water.vic.gov.au

PLEASE ENTER NUMBER OF ITEMS INSTALLED IN THE BOX (Column 1) FOR THE PRODUCT(S) THAT YOU ARE CLAIMING A REBATE.
